3. Once you sign up, you should be taken to a page that looks like the following. This is the homepage, "CSAwesome." Make sure you have the APCS20_21 in the upper left hand corner.

4. Your summer assignment is to **complete all of Unit 1: Getting Started and Primitive Types**. As you go through each page, make sure to push the button at the bottom of the screen so it says "Completed. Well Done!" There is a mix of readings, videos, and actually problems and practice. There are arrows at the bottom to traverse through the program. The program will save the progress automatically, so you can leave the program and pick back up where you left off. Feel free to email me if you run into any problems or have any questions at dwilson@jbha.org. Have a great summer!
