

# Summer Assignment for Students Going Into 7th Grade Pre-Algebra

## Directions:

- ☐ Set up Khan Academy to be able to access helpful videos for your summer homework.
  - ☐ Go to [khanacademy.org](https://khanacademy.org) and log in using your JBHA email (if you don't yet have one, use your personal email address).
  - ☐ Go to "Teachers" and enter the code **CGNCFK5Z** to add "PreAlgebra - 7th Grade - Summer 2021" to your courses.
  - ☐ You will be added to the course shortly. Once you have been added to the course by your teacher, then you should see a list of recommended videos that match the topics in this packet.
    - ☐ These videos are **not** required. They are optional to provide additional support.
- ☐ Complete this packet one topic at a time following the directions below:
  - ☐ Complete all problems in the section, showing all of your work. If there is no work to show, write a sentence or two explaining your answer. **You may not use a calculator on this assignment. Only questions with work and/or explanations will be counted as complete.**
  - ☐ Write your final answer/solution on the chart on the next page.
  - ☐ Check your answers using the answer key on the last page of this packet.
    - ☐ If a question is wrong, that's okay! Check your work for any mistakes and try again :).
    - ☐ If multiple questions are wrong or you don't understand how to arrive at the correct answer, it's probably time to get extra help (see below).
- ☐ If you need extra help you should:
  - ☐ Follow the directions on the chart to the corresponding video on Khan Academy. All of the videos in the chart are "assigned" to you in your Khan Academy class. No googling required :)
  - ☐ Please make sure to use the link on your Khan Academy class so we have a record of which topics may need to be reviewed upon returning to school in September.
- ☐ Bring this packet with you on the first day of school.
  - ☐ While we will be looking at the chart to see trends across the class, your grade will be based on **completion** not correct answers.
  - ☐ Please draw a ☆ next to any topic you would like your teacher to review with you or the whole class.
